

Table of Contents

List of Figures	ix
List of Tables	xi
Prologue	1
About the Style of this Book	3
Sources for Prologue	4
Chapter 1: The Need to Understand Why Things Go Wrong	7
Safety Requires Knowledge	7
A Need for Certainty	9
Explaining Something that is Out of the Ordinary	11
The Stop Rule	11
A Need for Simple Explanations	13
The ETTO Principle	15
The ETTO Principle in Practice	17
Changing Views	18
A Note on Terminology	19
Sources for Chapter 1	19
Chapter 2: From Rationality to ETTOing	23
The Rational Human	23
Time to Think, and Time to Do	25
ETTO Redefined	28
Feed the Birds	29
The Value of Planning	30
Information Pull and Information Push	31
Descriptive Decision Rules	32
Judgement Heuristics	33
Work Related ETTO Rules	34
Individual (Psychological) ETTO Rules	37
Collective (Organisational) ETTO Rules	38
Sources for Chapter 2	39
Chapter 3: Explaining Human Irrationality	41
Satisficing	41
Satisficing versus Sacrificing	42

Muddling Through	44
Recognition Primed Decision-Making	45
The Use of Schemata	47
Speed–Accuracy Trade-Off	49
Time–Reliability Correlation	51
Information Input Overload	53
ETTO as a Principle of Rationality	55
Tractable and Intractable Systems	56
Sources for Chapter 3	58
Chapter 4: Efficiency-Thoroughness Trade-Off in Practice	61
The Choice of Efficiency	61
Ice Problems at Gardemoen	63
The Leaking Barrel	64
London Bombings	66
Full Protection not Feasible	68
The Challenges of Publishing Aeronautical Data	70
Incorrect Chemotherapy Treatment	72
A Reverse Fuel Situation	74
The Loss of M/V Estonia	76
Avoiding Collision at Sea	78
Mission to Mars	80
Concluding Remarks	82
Sources for Chapter 4	83
Chapter 5: The Usefulness of Performance Variability	85
Underspecified Systems	86
The Need of Performance Variability	89
Sources and Types of Performance Variability	92
Approximate Adjustments	93
Failures without Malfunctions	94
About ‘Human Error Mechanisms’	97
Performance Variability and Risk	98
The Dark Matter	100
Sources for Chapter 5	101
Chapter 6: ETTOs of the Past	103
Accident Philosophies and the ETTO Principle	103
The Root Cause	105
Resultant and Emergent Effects	105

<i>Table of Contents</i>	<i>vii</i>
Limitations of Causal Analyses	106
ETTO and Learning from Experience	108
Looking for ETTOs in Practice	109
Collaborative ETTO	114
What Really Happened?	116
Small and Large Causes	118
Sources for Chapter 6	119
Chapter 7: ETTOs of the Future	121
The Framing of the Future	122
Understanding the Risks of the Future	124
ETTO Rules as Situational Response	125
ETTO at the Sharp End and at the Blunt End	127
The Nature of Emergent Outcomes	127
The Small World Problem	129
Risk Assessment as Efficiency-Thoroughness Trade-Off	130
HRA as ETTO	132
Clinical Trials of New Drugs	133
Quantification as ETTO	135
Concluding Comments	136
Sources for Chapter 7	136
Epilogue	139
Single-Loop and Double-Loop Learning	140
From ETTO to TETO	141
Sources for Epilogue	143
Subject Index	145
