1 **Introduction**  
*Paulo Pinho and Cecília Silva*  
Context  
1  
Objectives  
3  
Methodological Approach  
4  
Book Structure  
5

2 **Recent Changes in Urban Areas**  
*José Pedro Reis and Fabrizio Giulietti*  
People and Travel Patterns  
7  
Places and Travel Patterns  
9  
The Monocentric and Polycentric Models  
14

3 **Empirical Evidences on Motivations for Travel**  
*Cecília Silva, Petter Næs and José Pedro Reis*  
Household Characteristics (People) and Travel Behaviour (Patterns)  
19  
Urban Structure (Places) and Travel Behaviour (Patterns)  
25  
Synthesis  
33

4 **People, Places and Travel Patterns in Copenhagen and Oporto**  
*Miguel Torres, Petter Næs, José Pedro Reis, Fernanda Sousa and Paulo Piñho*  
Greater Copenhagen  
37  
Greater Oporto  
59  
Copenhagen and Oporto in Comparison  
77

5 **The Structural Accessibility Layer**  
*Cecília Silva*  
The Diversity of Activity Index  
81  
Accessibility Clusters  
84  
Local Choices Required for Implementation of SAL  
87
Theoretical Potentials and Limitations of the SAL
Case-Specific Applications

6 The Explanatory Qualitative-Quantitative Method
Petter Næss
Introduction 101
Urban Structures as Causes of Travel Behaviour 102
Linking Research Questions with Data 105
Case-Specific Application 108

7 Mobility Choices Enabled by Urban Structure
Cecília Silva and José Pedro Reis
Copenhagen 121
Oporto 132
Discussion 139

8 Residential Location and Travel Behaviour
Petter Næss
Introduction 151
Explaining the Causal Links: Examples from the Qualitative Material 151
Results from the Main Questionnaire Surveys 159
Influences of Residential Location on Travel among Sub-Groups of the Population 175
The Role of More Detailed Urban Structural Conditions 181

9 Mobility Patterns and Urban Structure
Paulo Pinho and Cecília Silva
Lessons Learned from the Cross Analysis of the Two Case Studies 187
Conclusions and Recommendations 196

Annex A Case-Specific Applications 201
Annex B Average Travel Behaviour in the Study Areas 211
