234 x 156 mm  
Hardback  
\$165.00

This important reference volume covers developments in aspects of British library and information work during the five year period 2001-2005. Over forty contributors, all of whom are experts in their subject, provide an overview of their field along with extensive further references which act as a starting point for further research. The book provides a comprehensive record of library and information management during the past five years and will be essential reading for all scholars, library professionals and students.
