

# Europe's Global Role

## External Policies of the European Union

### Edited by Jan Orbie, Ghent University, Belgium

March 2009  
284 pages  
978-0-7546-7721-5

234 x 156 mm  
Paperback  
\$59.95

First published in 2008 and based on an innovative framework for analyzing the EU's external politics, this paperback edition provides a historical overview of and theoretical conclusions about the EU's global role. Taking an original approach, the volume highlights the expanding political science literature on Europe's international role in a range of external policy domains. It focuses in particular on the 'soft' dimension of Europe's international action which has previously been much neglected. Carefully structured to make this ideal supplementary reading for students and scholars of European politics and foreign policy, the book will equally appeal to a wider audience in political economy, security policy and international relations more generally.

#### Contents
