Addressing a number of 'missing links' in the analysis of labour and its geographies, this volume examines how theoretical perspectives on both labour in general and the organizations of the labour movement in particular can be refined and redefined. Issues of agency, power and collective mobilizations are examined and illustrated via a wide range of case studies from the 'global north' and 'global south' in order to develop a better and fuller appreciation of labour market processes in developed and developing countries.

Contents

Part I Introduction: Re-engaging with agency in labour geography, Ann Cecilie Bergene, Sylvi B. Endresen and Hege Merete Knutsen; Labour geography: where have we been, where should we go?, Andrew Herod; Re-embedding the agency of labour, Neil M. Coe and David C. Jordhus-Lier. Part II The Agency of Unions: The entangled geographies of trans-national labour solidarity, Andy Cumbers and Paul Routledge; Exploring the grassroots' perspective on labour internationalisms, Rebecca Ryland; Navigating a chaotic consciousness in the trade union movement, Ann Cecilie Bergene; Schumpeterian unionism and 'high road' dreams in Toronto's hospitality sector, Steven Tufts; Trade unions as learning organizations: the challenge of attracting temporary staff, Dorit Meyer and Martina Fuchs; Union power and the formal-informal divide, Gunilla Andrae and Björn Beckman. Part III Politics of Labour: Between revolutionary rhetoric and class compromise: trade unions and the state, Herbert Jauch and Ann Cecilie Bergene; The constitutive inside: contingency, hegemony and labour's spatial fix, Jamie Doucette; Theoretical approaches to changing labour regimes in transition economies, Hege Merete Knutsen and Eva Hansson; Between coercion and consent: understanding post-apartheid workplace regimes, Ola Anders Magnusson, Hege Merete Knutsen and Sylvi B. Endresen. Part IV Labour and Strategies of Capital: Erosion from above, erosion from below: labour, value chain relegation and manufacturing sustainability, Michael Taylor and John Bryson; Globalization and the reworking of labour market segmentation in the Philippines, Niels Beerepoot; 'We order 20 bodies': labour hire and alienation, Sylvi B. Endresen. Part V Conclusion: Approaches to the social and spatial agency of labour, Ann Cecilie Bergene, Sylvi B. Endresen and Hege Merete Knutsen; Index.
